

Welcome to our Year 11 Information Session

16 school days until the GCSE exams begin

Positivity!!

This can be a stressful time for some of our learners but remember there is always support in school. Email your child's Form Tutor and we will be able to look at how we can support them.

King Power Stadium

- 6:30 – 10:45pm
- Theme: Hollywood
- Buffet dinner
- Pay on Beehive
- Deadline for payments: Monday 3rd June
- A letter will come out over the next couple of weeks

Tuesday 11th June

- After Chemistry exam.
- If learners want shirts signed, they must bring a spare one with them to school.
- After assembly they will leave site.
- A letter with more information will come out over the next couple of weeks

We don't have study leave away from school.

Timetable is adapted to ensure there is focussed revision time with subject specialists.

Until all cohort exams are finished all Year 11 are expected at school.

EXAM INFORMATION

- The exams start on Tuesday 7th May
- They run over 5 weeks (until Wednesday 19th June)
- Exams start at 9am or 1pm and are between 45mins to 2 hours long
- Learners have to complete the FULL time, there is no leaving early
- The contingency date is 26th June (please leave this date available)

EXAM INFORMATION

- Where possible, a 1 hour 40 minute long revision session is planned before each exam
- Otherwise learners continue to attend their timetabled lessons
- Revision rooms will be in place for subjects where the exam has already been sat
- Go to lines at the bottom of the steps up to the field each morning.
- Take your bag with you and leave outside of exam room (sports hall changing rooms).
- Absent learners will be contacted ASAP

PUNCTUALITY AND ABSENCE

- If a learner is more than 30 minutes late to an exam, they will not be admitted
- However, even being 5 minutes late disrupts the other learners
- If you are ill, you must inform the school before the exam is due to start. Notifications received afterwards won't count.
- Unless it is absolutely impossible for your child to attend, they should always try to sit their exams.
- Unforeseen absences such as funerals or bereavements, you must contact the school as soon as possible. You *may* be able to sit your exam earlier or later in the day.

EQUIPMENT AND UNIFORM

- You must come prepared! Full school uniform **must** be worn for all exams.
- **Black pens!!! Bring at least 2. Remember ruler, calculators etc if relevant to an exam.**
- You must not use tippex or gel pens
- You can use highlighters but you must not highlight your answer.
- Clear plastic pencil cases only.
- Photo card school IDs will need to be taken into the exam. You will need the photos on them to be uncovered (some in the mocks had stickers over the photo) and there to be no writing on them (this could be considered a note).

- Only water in a clear plastic bottle is permitted

- No fizzy drinks
- No labels on bottles
- No coloured sports bottles
- No 'Love Island' bottles
- Bottles must be free of writing and logos

- Learners have to be escorted to the toilet, one at a time. In some rooms they will have to wait for the roving invigilator to come.
- This is very disruptive to other learners so must be kept to a minimum and should only happen in longer exams

Do not:

- Cheat
- Use unauthorised notes
- Copy from another student
- Communicate with another student
- Turn around
- Bring a watch or phone in to the venue

All of the above could result in being disqualified from your exams.

- The papers are scanned in by the exam boards
- Markers work on screen, not with the actual paper
- Presentation is important, handwriting must be legible
- Do not use tippex or highlighters on your work. Highlighters can be used to highlight key words in the question only.

THE MOST IMPORTANT VIDEO YOU WILL SEE THIS TERM...

The
ExamsOffice

**Instructions for Candidates
2023/24**

<https://www.youtube.com/watch?v=xLDe6JDlcjU>

Thursday 22nd August 2024

Results can be collected from school.

Doors will be open from 8am.

All of SLT and exam staff will be on hand for any queries/celebrations.

- Exams@martinhigh.org.uk for all your exam queries. Miss Hollis replies very quickly!
- "Examinations" section of the school website. Lot of useful information here.
- The "Examinations booklet". A link to this has been emailed to you so you need to read it and then confirm you understand the JCQ regulations.

Final push...

Weekly HW booklet

Students complete a section each week – focus on GCSE Exam Practice.

Complete Maths Tutor

Teachers have set Courses specifically aiming to close the gap from every question your child got wrong from Trials 1, 2 & 3.

Completing these before the exams (starting 16th May) will give every opportunity for your child to reach their potential!

Course Trial 3 (F) Q1 1 Ideas 4 Goals Pupils enrolled 35 PREVIEW	Course Trial 2 (F) - Q26c 1 Ideas 7 Goals Pupils enrolled 22 PREVIEW
--	--

YEAR 11 PARENTS INFORMATION EVENING - MATHS

Trial 3 closing the gap

Question level analysis for every child. Given out in lessons this week... **QR codes** to take them to support to help close the gap.

KS4 Revision Strategy

Focused support for revision not only with Maths, general study support and tips.

Maths GCSE: Trial Exam 3

Grade	9	8	7	6	5	4	3
Marks	66	58	48	37	26	14	9

You need 2 more marks to get a grade 4.

Questions	Out of	Score
1 Expand a single bracket	1	0
2a Convert decimal to improper fraction	1	0
2b One amount as a percentage of another	1	1
3 Use Pythagoras to calculate a missing side	3	3
4 Calculate a bearing	1	0
5 Work out the cheapest option from three shops	5	5
6a Understand fractions of amounts	1	1
6b Know how to calculate a pie chart angle	1	0
7 Calculate the volume of composite solid on isometric paper	3	0
8 Calculate the average speed over a two-part journey	4	0
9 Continue an algebraic sequence and add up the terms	3	0
10 Regions with probability notation	1	1
11 Probability problem solving	1	0
12 Calculate a weighted average	3	0
13 Work out the equation of a line when given coordinates	3	0
14 Loci and construction	4	0
15a Understanding relative frequency	2	0
15b Estimating from relative frequency	1	0
16 Negative numbers and inequalities	1	0
17a Grouped frequency table	2	0
17b Reading a cumulative frequency graph	2	0
18 Proof by completing the square	3	0
19 Direct proportion to expression	1	0
20 Change the subject of a formula (subject appearing twice)	4	0
21 Calculating and interpreting bounds	3	0
22 The Difference of two squares (in algebraic form)	1	1
23a Velocity time graph (area under a curve)	3	0
23b Velocity time graph (acceleration)	2	0
24 Multiply algebraic fractions	3	0
25 Apply similarity to volumes	4	0
26 Using an iterative formula	3	0
27 Simultaneous equations with a function	4	0
28 Use trigonometry in 3D	3	0
29 Permutations and probability	2	0
Number and Ratio	25	7
Algebra	22	1
Shape, Space and Measure	19	3
Data and Probability	14	1

Topics identified that you need to work on:

1: Expand a single bracket  https://bit.ly/3PXwOjL	2a: Convert decimal to improper fraction  https://bit.ly/3PXwOjL
4: Calculate a bearing  https://bit.ly/3PXwOjL	6b: Know how to calculate a pie chart angle  https://bit.ly/3PXwOjL
7: Calculate the volume of composite solid on isometric paper  https://bit.ly/3PXwOjL	8: Calculate the average speed over a two-part journey  https://bit.ly/3PXwOjL
9: Continue an algebraic sequence and add up the terms  https://bit.ly/3PXwOjL	11: Probability problem solving  https://bit.ly/3PXwOjL

AQA GCSE Mathematics - Paper 1 (Non-Calculator)	Thursday 16 th May 2024
AQA GCSE Mathematics - Paper 2 (Calculator)	Monday 3 rd June 2024
AQA GCSE Mathematics - Paper 3 (Calculator)	Monday 10 th June 2024

Equipment List
Black pen, pencil, rubber, sharpener, clear ruler, compass, protractor, scientific calculator

Intervention
Continues to take place every Thursday (3.05pm – 4pm) – we fill in gaps from all previous papers.

Mathematics

YEAR 11 REVISION HINTS, TIPS & SUPPORT...

Website	How to use it	How this helps
Complete Maths Tutor	<p>Link: Complete Maths Tutor</p> <p>Teachers has set specific tasks to support you learning and progress.</p> <p>When you struggle, use the 'Do' section of the Goal to watch and use worked solutions.</p> 	<p>This is a metacognitive strategy (help you to be independent with your learning) where you can use worked solutions to relate to questions you are struggling with.</p> <p>Copy some or all of their worked solutions when completing the 'Quiz'.</p>
Maths Genie <i>GCSE Revision</i>	<p>Link: Maths Genie</p> <p>You can choose the Topic you want to specifically revise.</p> <p>You can also select the GCSE Grade you are aiming to achieve and topic which will help you achieve this target grade.</p>	<p>Use the Exam Questions and solutions to check your understanding.</p> <p>Watch the video provided to support your understanding.</p>
Maths Genie <i>AQA Practice Papers</i>	<p>Link: Maths Genie</p> <p>Practice past papers to support the application of learning in exam style language.</p> 	<p>Paper 1 – Non calculator Paper 2 – Calculator Paper 3 – Calculator</p> <p>Hint...try and use the solutions alongside the questions to piece together the steps needed to solve a problem.</p>
GCSE BBC Bitesize	<p>Link: AQA BBC Bitesize</p> <p>Practice past papers and quick fire questions.</p>	<p>Use their 'Study Support Section' with a range of study tips and advice</p>

- Monday 13th May – English Literature Paper 1
 - Macbeth
 - A Christmas Carol
- Monday 20th May – English Literature Paper 2
 - An Inspector Calls
 - Poetry Anthology
 - Unseen Poetry
- Thursday 23rd May – English Language Paper 1
 - Fiction
- Thursday 6th June – English Language Paper 2
 - Non-fiction

- Exercise books – should all be at home now
- Writing up practice questions (started in English lessons)
- Completing past papers (AQA website)
- Use of the Lionheart VLE: questions, knowledge, live lessons, etc
- Seneca to test and revise key knowledge and quotes
- Use of YouTube for revision videos
- Retrieval activities: knowledge dumps, flashcards, quote recall, etc

- Live Q&A (asking their study skills expert any questions in the run up to exams)
- Help to improving your child's memory

<https://go.elevateeducation.com/ukschoolwebinar>

- Metacognition and self-regulation support students to think explicitly about their own learning, giving them specific strategies for planning, monitoring, and evaluating their learning. As they become increasingly more adept, they can then self-select the most suitable approach for the task at hand.

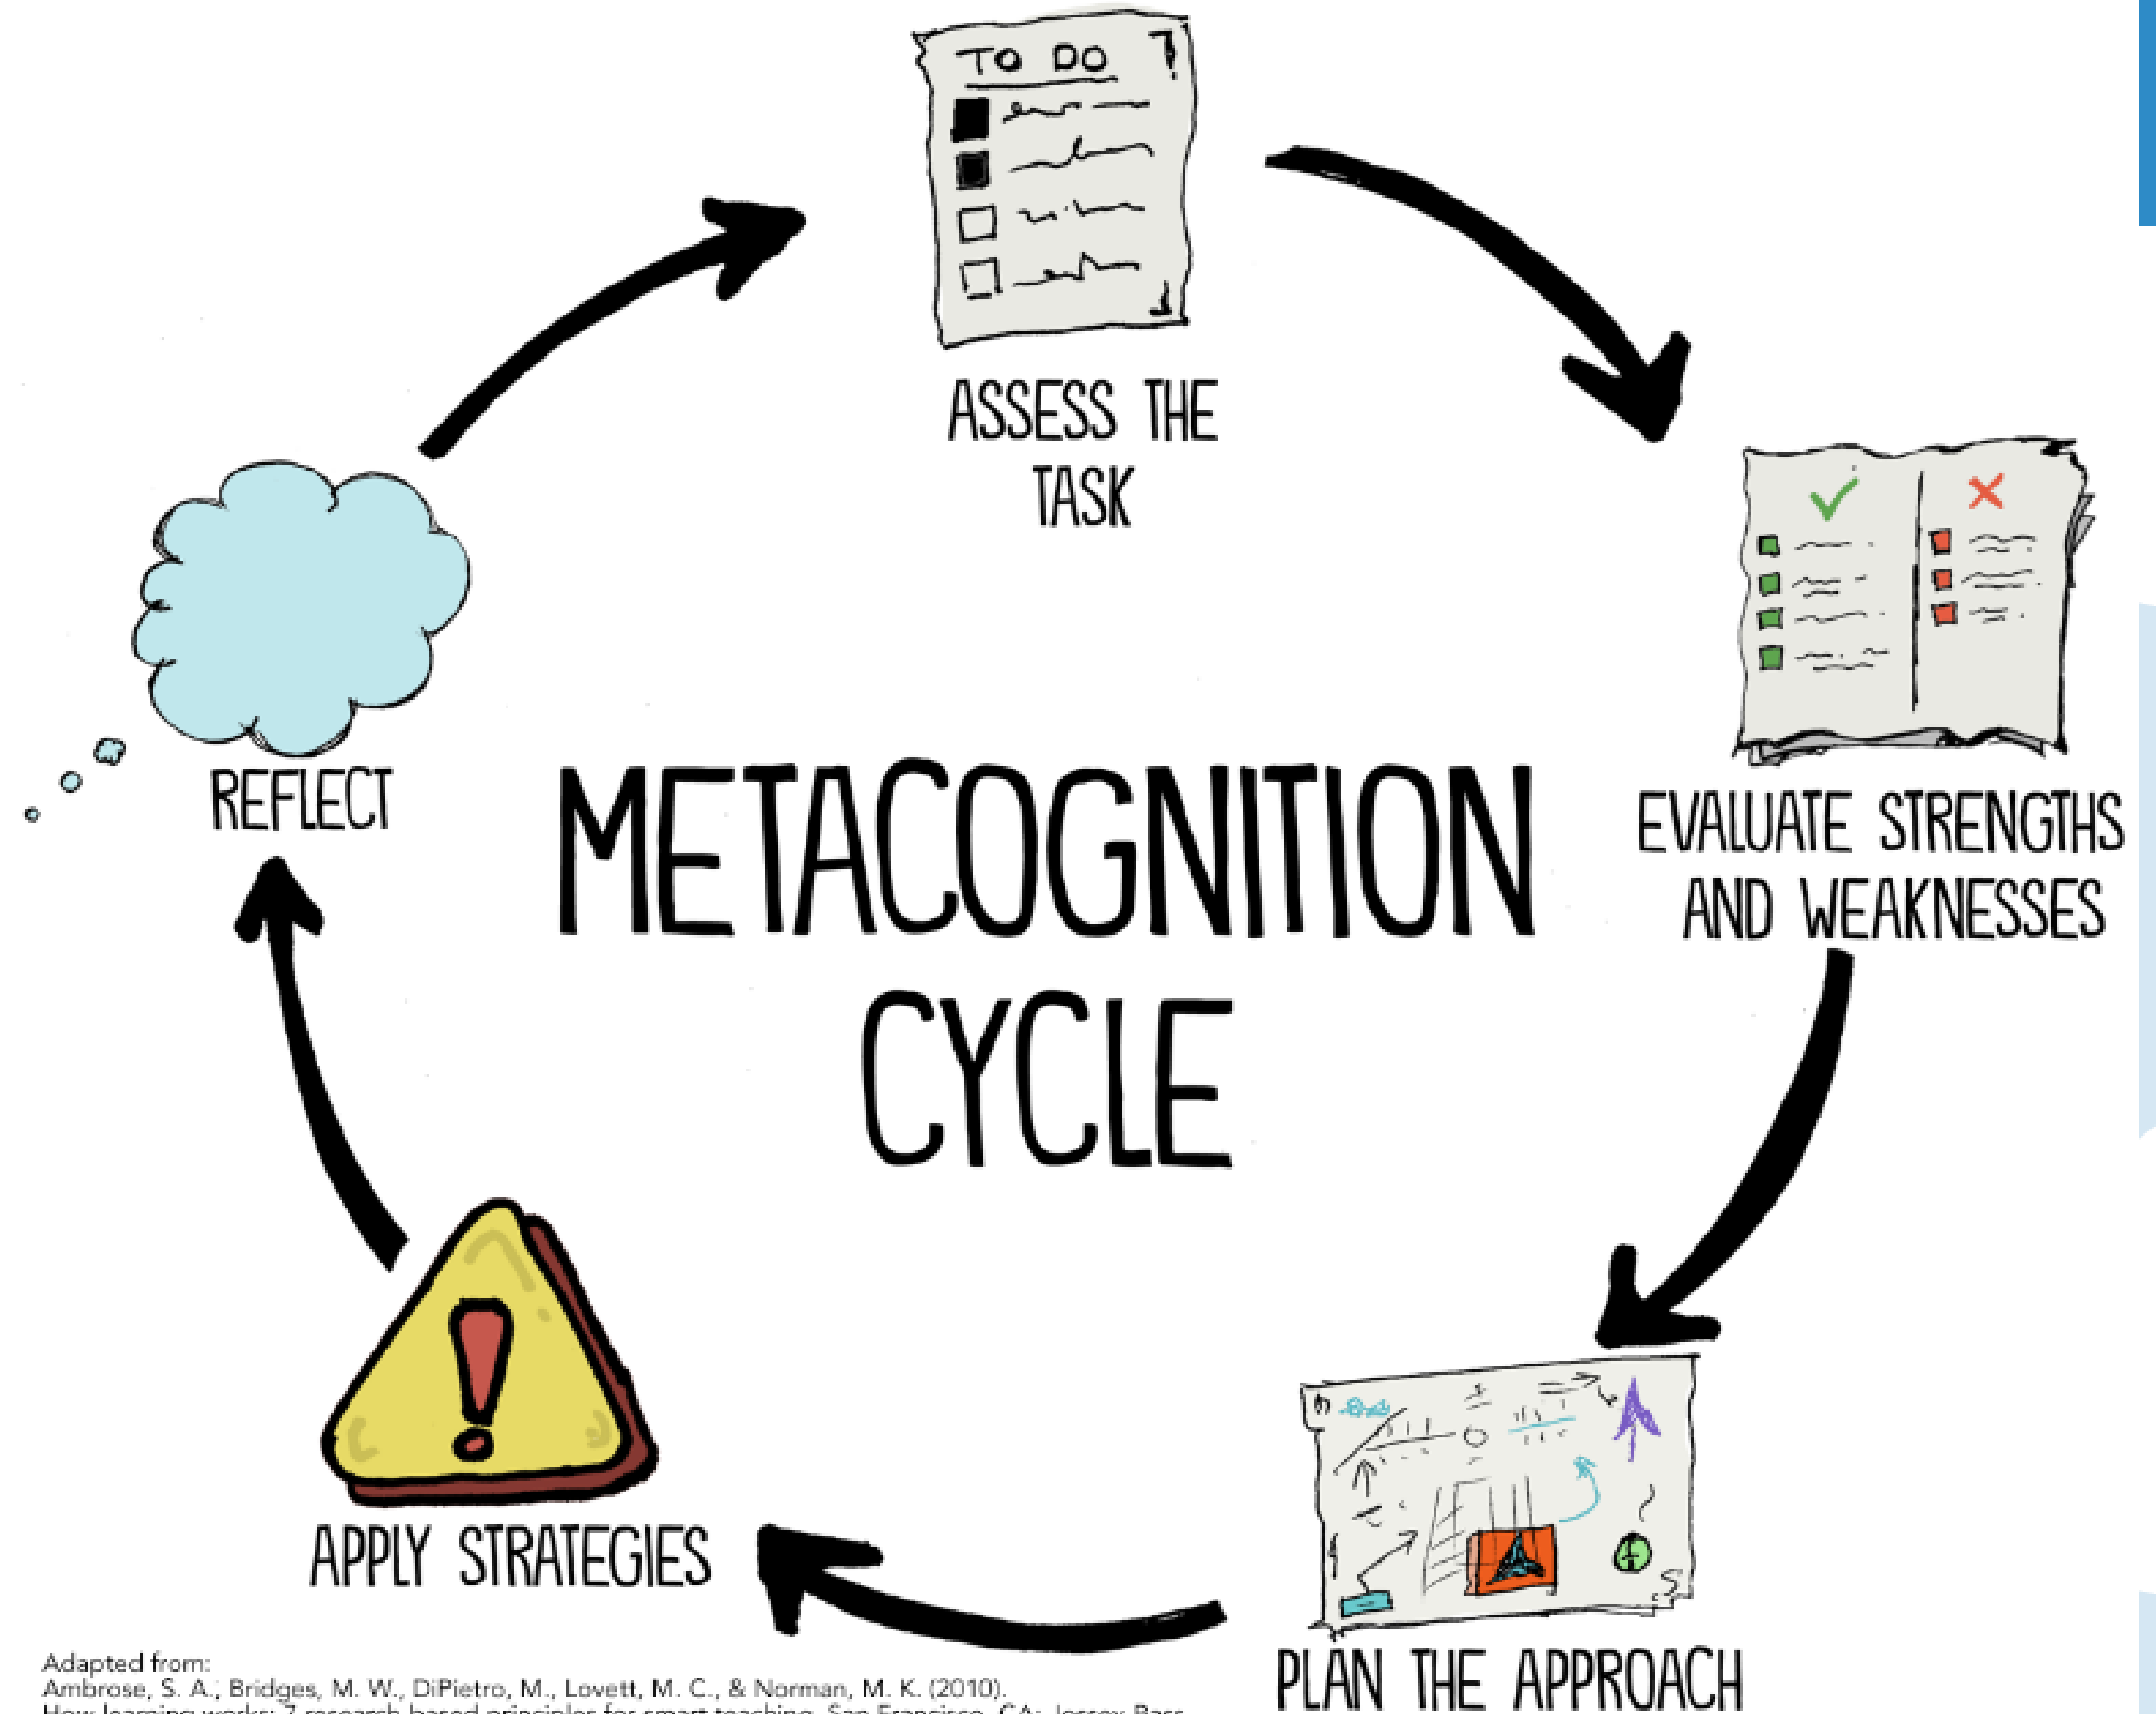

THE POWER OF METACOGNITION

Metacognition is vital for students to thrive in college, in their careers, and in life-long learning. It helps promote autonomy and resiliency. When students improve their metacognitive skills, they are more likely to embrace a Growth Mindset and learn from mistakes.

If we want students to grow into problem-solvers and critical thinkers, we need to help them develop metacognition.
